FROM: Shawn Way 

RE: **Dr. Fox – Marquette University “Researcher of the Year”**

We are pleased to share some very special news about one of our very own team members. **Dr. Robert A. Fox has been named the 2016 Lawrence G. Haggerty Award recipient for Research Excellence at Marquette University!**

He’s known around Milestone, Inc. as “Dr. Fox” having worked with us for nearly 33 years. He’s carved out some space in the RocVale conference room-excuse me, the Dr. Robert A. Fox conference room.

For nearly 33 years, Dr. Robert A. Fox has served as clinical psychologist to Milestone, Inc. He meets with children and adults with intellectual and developmental disabilities and is a key team member and contributor to our success, helping shape the lives of the individuals we serve.

His “day job” is serving as a Professor at Marquette University in Milwaukee. Since 1988 he has been educating students in the field of counseling and psychology and currently serves as Acting Department chair. He is truly an expert in the field.

The 2016 Lawrence G. Haggerty Award for Research Excellence has been bestowed upon Dr. Fox, selected among over 600 faculty at Marquette. We wish to congratulate Dr. Fox and thank him for his dedication to his profession. We are fortunate to have him on our team!
